- Established: Legislative Working Group

Testimonials

Facilitator
“...continues to be a rewarding experience for me as I see the decision-maker learning and gaining more and more confidence as he progresses through the phases of the process.”

Decision-Maker
“I liked working with my facilitator to come up with the right words to let everyone know how I make decisions... and seeing how my family has gained understanding about how my rights were so limited by guardianship.”

Parent
“I feel he has been more of an advocate for himself, there was a conversation with him, and I said, ‘No, you can’t do that,’ and he said, ‘No, I can. It’s my decision.’... He is more confident and has a say and is utilizing his say.”
