

Celebrating the First Long Island SDMA Signing

Last Friday evening, Decision-Maker Jared signed his SDMA with his family. Joining him remotely were another of his supporters, his facilitator, SDMNY L.I. Site Coordinator Michelle Flood, and SDMNY staff including Stephanie Penceal, SDMNY Project Coordinator, a notary who is authorized to supervise remote signings!

As the screen shot shows—and as a reminder to us all—Jared understands how important it is to vote!

Jared is a college graduate who worked on his SDMA to become more independent and confident in his decision-making. He loves science fiction and aspires to be a writer; he also loves sports and is active in his kickball league. Signing his SDMA was a big step for Jared, and an exciting moment for the SDMNY Long Island site that is run by SANYS. It was appropriately celebrated by toasts all around!

Congratulations to Jared, his parents, and to Michelle!
